GOV. W. D. STEPHENS ENTERS INTO OFFICE

SACRAMENTO, Mar. 23.—Governor William D. Stephens went before the joint session of the legislature personally and delivered his first message. He emphasized the need of preparedness for national defense, economy in state administration, strengthening the civil service and a remedy for the high cost of living.

"Our beloved republic is in imminent danger of being drawn into a world war of unprecedented violence, and destructiveness," he said. "If this cannot be averted, but God grant it may, California's safety is imperiled."

The governor showed the difficulty of transporting troops from the east to California, and urged the husbanding of resources so as to be in the best condition to endure the strain.

"Economy must be the watchword," he continued. "No appropriation should be considered where the need is not urgent." He endorsed social insurance, urged civil service as an effective antidote for the spoils system. He praised Johnson's administration and recommended the establishment of a budget system for the state's financial affairs.

Referring to the cost of living, he said the first remedy is a more thorough extensive cultivation

of the soil. Land occupancy, rural credits and marketing were included in a comprehensive program. "Faulty methods of transportation are far more responsible than the shortage of supply. Better regulation of warehouses and cold-storage are worthy subjects for legislative consideration," he concluded.

GERMAN DIPLOMAT CAME FROM CHINA

(By Associated Press.)

WASHINGTON, D. C., Mar. 23.—China is arranging to send the dismissed German diplomatic and consular officers in that country back to Germany by way of the United States and he secured the consent of the state department to their passage across the continent under safe conduct. Details of the plan are not known here, but it is assumed the allies are giving the same guarantees for the trip across the Pacific and the Atlantic as were given the United States in case of Count Bernstorff and his suite.

WEHLISCH MAKES A FORTUNE BY INVESTING IN WHITE CAPS

A. L. Wehlisch has resigned his job at the West End mill and now ranks with the capitalists who have acquired fortunes from mining investments. The achievement came directly from a purchase of White Caps which gradually swelled until he had in round figures enough to place him on Easy street for the remainder of his life.

The subject of this interesting episode has experienced many of the ups and downs of mining life but he was always possessed of the conviction that White Caps would make one of the big mines of the world. He worked in one of the Goldfield mills for several years but never succeeded in making a stake and at last had to go down to Higley's bank and soak his watch to get enough money to carry him

BREAD ALLOWANCE WILL BE CUT DOWN

CHANGE IN THE DIETING OF BERLIN PEOPLE OWING TO SHORT SUPPLIES

(By Associated Press.)

AMSTERDAM, Mar. 23.—A dispatch from Berlin in Weser Zeitung, of Bremen, says the bread ration in Germany will be diminished one-fourth beginning April 15, owing to the scarcity of wheat. Meat will be increased by 250 grams weekly. Potatoes remain the same.

MIKADO MAY BE SEEN AT BUTLER THEATRE

"The Mikado," presented last night at the Butler Theatre by young performers and singers from the Tonopah high school, was a performance that was creditable in every respect and deserving of a better patronage than the opera received. The soloists were charming and the chorus showed evidence of careful training and painstaking culture. The program will be repeated this evening.

AMUSEMENTS

BUTLER THEATRE

The comic opera "The Mikado" will be repeated tonight by the Tonopah high school, last night's production being considered one of the best amateur performances that has ever been presented in Tonopah. Tomorrow the Butler will be back to the picture show, the program being Pearl White in "Pearl of the Army" and Mabel Talliaferro in "The Sunbeam." "Pearl of the Army" is shown on Saturday this week instead of Sunday, on account of a big feature "War Brides" being booked for Sunday. On Sunday afternoon and evening, one day only, "War Brides." Few picture dramas have ever made the impression on the public that has been made by "War Brides." There are few dry eyes in the house as the story of how women are the real sufferers when their beloved ones are slain in battle is unfolded. Nazimova, the great Russian actress, has never in her career done anything more effective than this screen picture of a soul-tortured woman.

LIBERTY THEATRE

Today: "The Undertow," in five reels, featuring Helen Rosson. A stupendous production of the great labor and capital struggle, showing the conditions that exist in tenement house life, and among the down-trodden workers, also showing the plan to better conditions through strikes, riots and incendiarism. Be on hand to see the tense scenes which bring this stirring drama to a spectacular climax. Every working man and woman should see this play. Helen Holmes in Chapter 10 of "The Lass of the Lumberlands," entitled "The Gold Rush."

Tomorrow: Charles Ray and Margery Wilson in "The Honorable Algy," a five-reel comedy drama, and a two-reel Keystone comedy, "Love Will Conquer," making seven reels of fun from start to finish. Bring the youngsters, as they will sure enjoy themselves. Remember

The Conspiracy Broken

We have broken the backbone of the conspiracy to keep up high prices in Tonopah. By buying direct from the producers and selling for cash, we have proven that we can reduce the high cost of living. Some people said we couldn't do it, and influence was brought to bear upon the jobbers, requesting them not to sell to us, because we were cutting prices. We told them we didn't need the middlemen, that our efforts are for TONOPAH PEOPLE, not for the middlemen, and we are delivering better groceries, newer and fresher, for less money than mail order houses can deliver the "seconds" and stale stock out of California warehouses. Potatoes at seven cents a pound are outrageous. Such a price is unnecessary.

SPECIAL: With every \$5.00 worth of groceries bought at our store, we will sell 50 POUNDS OF POTATOES for \$2.00. That brings potatoes to FOUR CENTS A POUND for you. (Carload of 300 sacks to arrive today or tomorrow, coming direct from the producer.)

Who brought butter down from 50 cents a pound? DALE.
Who brought eggs from 50 cents a dozen to 35 cents? DALE.
Who brought flour from \$3.50 to \$2.75 a sack? DALE.
Who brought apuds from 7 cents to 4 cents a pound? DALE.
Who brought the "extra selects" and "firats" into Tonopah? DALE.
Who cut out the middle men in groceries? DALE.

Come and get our prices on everything in the grocery line. For CLASS with HONEST PRICES go to DALE'S. Cash prices save lost accounts. You don't have to pay for the dead beats' groceries.

We are delivering the goods at your door cheaper than the middle men have been selling the second grade groceries to the dealer.
